فخامة الرئيس محمود عباس "أبو مازن"

رئيس اللجنة التنفيذية لمنظمة التحرير الفلسطينية

رئيس السلطة الوطنية الفلسطينية

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

السلطة الوطنية الفلسطينية

منظمة التحرير الفلسطينية

بسم الله الرحمن الرحيم

تقديم من سيادة الرئيس محمود عباس "أبو مازن"
رئيس السلطة الوطنية الفلسطينية

يعتبر التعداد العام للسكان والمساكن والمنشآت ركناً أساسياً من أركان النظام الإحصائي الرسمي في أي دولة، حيث يأتي تنفيذه خلال عام 2007 استحقاقاً قانونياً وتنموياً ووطنياً وسيادياً، ويمثل تنفيذه لبنة أساسية في عملية بناء الدولة وإرساء أسس التخطيط السليم بمعايير علمية نظراً لما يوفره من إحصاءات دقيقة وتفصيلية لكافة نواحي الحياة، ويساهم في بناء الدولة الفلسطينية وإنجاز الاستقلال السياسي والاقتصادي والاجتماعي، وتحقيق التنمية.

لقد جاء تنفيذ هذا المشروع الوطني الكبير في ظل ظروف غاية في التعقيد على مختلف الأصعدة، مما جعل تنفيذ التعداد مهمة صعبة تعترضها الكثير من التحديات والأخطار، إلا أن عزيمة الشعب الفلسطيني وإصرار الفريق الوطني، واحتضان القيادة السياسية جعلت من التغلب على هذا التحدي أمراً ممكناً أدى إلى تنفيذ التعداد العام الثاني في الأراضي الفلسطينية بجودة عالية وفق المعايير الدولية، بأيد وبخبرات فلسطينية وقرار فلسطيني مستقل، واستجابة للحاجات الوطنية في شتى المجالات.

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

السلطة الوطنية الفلسطينية

منظمة التحرير الفلسطينية

لقد أسهم التعداد في إعادة الموضوع التنموي على الأجندة الوطنية والدولية في فلسطين، بعد أن تراجع دورها لصالح الأجندة الإغاثية، فالتنمية أهم الدعامات الضرورية لتأسيس مجتمع ديمقراطي، وبناء إنسان حر ملتزم بالمبادئ الوطنية والإنسانية. والإحصاءات الدقيقة والعلمية هي العمود الفقري لوضع خطط تنموية مبنية على أسس سليمة تشكل رافعة لقضايا التنمية وتحقيق الأهداف المعلنة عليها.

لقد أبدى المجتمع الدولي اهتماماً بالغاً بهذا المشروع التنموي وعبر عن اهتمامه من خلال الدعم المادي والفني الذي قدمته بعض الدول الصديقة والمنظمات الدولية. فقد كان لصندوق الأمم المتحدة للسكان مساهمة مادية وفنية جادة، وكذلك صندوق أوبك للتنمية الدولية، وحكومات النرويج وهولندا وسويسرا وأستراليا، والمملكة العربية السعودية ومنظمة الأمم المتحدة للطفولة "اليونيسيف"

إننا إذ نهدي هذا الإنجاز التاريخي الى كل فلسطيني، فإننا نعبر عن تقديرنا وشكرنا لأسرة الجهاز المركزي للإحصاء الفلسطيني والفريق الوطني للتعداد على إصرارهم وعطائهم وتفانيهم في تحقيق هذا الإنجاز.

رام الله: 2008/5/22

محمود عباس

رئيس اللجنة التنفيذية لمنظمة التحرير الفلسطينية

رئيس السلطة الوطنية الفلسطينية

Acknowledgments

The Population, Housing and Establishment Census (PHC-2007) is the second census conducted by the Palestinian Central Bureau of Statistics (PCBS) since the Palestinian National Authority (PNA) was established in 1994. The PHC-2007 was conducted in a very critical and complicated political, administrative, financial and organizational environment. It could not have been accomplished without the generous support of a number of friendly countries, international and national institutions and personalities.

The implementation of the PHC-2007 was co-financed by the PNA, United Nations Population Fund (UNFPA), the Core Funding Group (CFG) of PCBS (Norway, Netherlands, and Switzerland), OPEC Fund for International Development (OFID), Australia, and the United Nations Children's Fund (UNICEF), and the European Union (EU).

PCBS would not have been able to implement the PHC-2007 as a national project in such complicated circumstances without the important contribution made by the PHC-2007 National Higher Committee, the committees in the governorates, publicity campaign committees, and many other official and popular supporting committees and bodies.

We would also like to highlight the outstanding efforts made by the Census National Director, Executive Director, and all census national team members to plan, manage, implement, supervise, monitor, and coordinate census activities: senior assistants of the national and executive directors, census directors in the governorates and their assistants, coordinators of the publicity campaign and their assistants, field supervisors, field observers, enumerators, administrators and other team members.

Printing of this document has been produced with financial assistance of the European Union. The contents of this document are the sole responsibility of the PCBS.

PCBS extends its deep thanks to all of these personalities and institutions for the tremendous efforts they exerted to bring the second Palestinian census to light.

Preface

The PHC-2007 is an important pillar of the national development process and a primary prerequisite for socioeconomic planning. Furthermore, it helps reinforce the Palestinian sovereignty on the ground. Countries around the world usually conduct censuses every decade according to the degree of population stability, the amount of potential change in the demographic characteristics and the availability of financial resources.

Realizing the importance of filling the gap regarding society's statistical needs on the current situation in the Palestinian Territory, PCBS conducted the first national Population, Housing and Establishment Census in 1997. PHC-2007 was conducted for legal, development and statistical considerations. Success was strongly attributed to the huge efforts exerted by the national census team and the continuous support of the Palestinian leadership.

The main objective of the PHC-2007 is to update statistical data on the Palestinian population, housing units, economic establishments and agricultural holdings, and to provide small area statistics to planners and decision makers. PHC-2007 will contribute to realizing a balanced and comprehensive development in all sectors.

PHC-2007 was designed and implemented in accordance with United Nations principles and recommendations of the Population and Housing Census taking into consideration the local Palestinian needs. Special attention was given to affording complete and adequate data on the size, structure, distribution and characteristics of the demographic, economic and social components of the Palestinian population; the characteristics of housing units; the number and characteristics of the economic establishments and making an inventory of agricultural holdings. Consequently, obtained statistical data will foster and support the role and efficiency of planning both on the national and local government levels.

As part of PCBS's efforts to provide users with the census results as soon as possible, the national census team made every possible effort to fulfill that, we were able to publish the preliminary results of the census five weeks after the end of the census fieldwork events. This is considered record time compared to other countries. In addition, the final results of the buildings and establishments data for the Palestinian Territory were also disseminated. To continue this work, this report is a part of the detailed reports about the population at the governorate level.

PCBS and the national census team are pleased to present this report containing the census final results in Ramallah & Al-Bireh Governorate which has been processed. We hope that it will be a reference for all planners, decision makers and policy makers in the public and private sectors and for civil society institutions.

January, 2009

Luay Shabaneh, Ph.D.
**President of PCBS/
Census National Director**

Remarks

- For more information about the methodology and data quality, please refer to the report titled "Census Final Results in the West Bank Summary -Population and Housing", which is available at:
http://www.pcbs.gov.ps/Portals/_PCBS/Downloads/book1487.pdf
- For more details on the buildings please refer to the report titled "Final Results- Buildings Report- Palestinian Territory", which is available at:
http://www.pcbs.gov.ps/Portals/_PCBS/Downloads/book1489.pdf
- For more details on the Establishments please refer to the report titled "Economic Establishments- Final Results", which is available at:
http://www.pcbs.gov.ps/Portals/_PCBS/Downloads/book1430.pdf
- In some tables the total of percentages might not add up to 100% due to rounding.
- A set of special symbols were used in the tables of this report. The representation of these symbols are:
 - (-) Nil (not found).
 - (.) Category not applicable.
 - (0.0) less than 0.05%.

Concepts and Definitions

Introduction

The definitions used in the PHC-2007 are based on the de-facto concept according to the United Nations standard concepts and definitions in order to be consistent with the 1997 census and to ensure comparability. The following concepts and definitions were used in this report:

Population Census:

The process of collection, classification, processing, analysis, assessment, dissemination of statistical data on the number of population and their distribution by basic demographic and socio-economic characteristics in a specific reference period and within the boundaries of a specific geographic area.

Collective Household:

This refers to the place constructed for the residence of a group of individuals, who live therein and benefit from the services it provides. The collective household may be comprised of one building or more or one housing unit or more. Examples of collective households include hotels, hostels, elderly and orphans homes, psycho-therapy clinics and hospitals, collective households for university students, collective living quarters (camps) at the passages, and housing units of priests and nuns in the monasteries and churches (who do not have other households).

Household:

One person or a group of persons with or without a household relationship, who live in the same housing unit, share meals and make joint provision of food and other essentials of living. In PHC-2007, the household includes:

1. Household members found in the housing unit on the night of 01/12/2007.
2. Visitors living outside the Palestinian Territory but who spent the night of 01/12/2007 in the housing unit of the household (relatives and non-relatives).
3. Visitors from the Palestinian Territory who, as a whole household, remained for all of the enumeration period 1-16/12/2007.
4. Servants and other workers living usually within the household who spent the night of 01/12/2007 with the household.
5. New births born prior to the night of 01/12/2007 and still alive, irrespective of whether they were within the household or in the hospital.
6. Household members who spent the night of 01/12/2007 with the household and died after that night.
7. Household members who usually live in the housing unit but were not available on the night of 01/12/2007. This category includes:
 - Household members who spent the night of 01/12/2007 with another household inside the Palestinian Territory.
 - Household members working at night 01/12/2007 in factories, hospitals, airports, etc.
 - Individuals who spent the night of 01/12/2007 traveling in public ways inside the Palestinian Territory.
 - Fishermen who spent the night fishing in the regional waters.
 - Members of internal security forces, and civil defense forces irrespective of where they spent the night of 01/12/2007.

- Palestinian household members living usually within the household and who are holding an ID card, but who were abroad less than one year for temporary reasons (tourist, visit, pilgrim or any other reason).
- Palestinian household members living usually within the household but who were absent during the night of 01/12/2007 due to urgent causes including hospitalization, detention, etc.
- Palestinian household members living usually within the households but who were absent during the night of 01/12/2007 due to their stay in a hotel in the Palestinian Territory.
- Students studying abroad regardless of the length of their stay.
- Students studying in Palestinian universities, institutes and other educational institutions irrespective of place of existence.
- Household members detained in Israeli prisons.

The following were excluded from households:

- Persons who died before the night of 01/12/2007.
- Persons who were born after the night of 01/12/2007.
- Persons who stayed during the counting in elderly homes, orphans homes, psychotherapy clinics and hospitals, and other collective households in the Palestinian Territory.

Type of households that underwent enumeration are divided into:

Private Households: The households included in the aforementioned definition of the household.

Collective (Institutional Households): This refers to the households enumerated in the previously mentioned collective households.

Palestinian Household:

This refers to the private household whose head holds Palestinian nationality. As for the non Palestinian household, this refers to the household whose head holds non Palestinian nationality irrespective of the nationality of other household members.

Special types of Households:

A one-person-household: This refers to the household comprised of one individual.

Nuclear household: This refers to the living household comprised of a couple only; a couple and a son or a daughter (not adopted son or daughter) or more; or a male head of a household with a son or a daughter or more; or a female head of a household with a son or a daughter or more. It is worth noting that no other relatives or non-relatives live with this household.

Extended Household: A household of at least one nuclear household together with other relatives.

Composite Household: Refers to a household consisting of at least one nuclear household with other non-relatives.

Average Household Size:

This refers to the average number of household members calculated through dividing the total number of members for a certain category by the number of households for that particular category.

Sex:

Divided into male and female.

Age in Completed Years:

The completed age in years of the person enumerated, which is the difference between the date of birth and the survey reference period.

Original Nationality:

This refers to the political identity of the individuals, as Palestinian, Jordanian, Egyptian, Brazilian, French, etc.

Refugee Status:

This status relates to the Palestinians who were forced to leave their land in the Palestinian Territory occupied by Israel in 1948. It applies to their male sons and grandchildren.

1. **Registered Refugees:** This applies to registered refugees holding refugee registration cards issued by UNRWA.
2. **Non-Registered Refugees:** This applies to unregistered refugees who do not hold refugee registration cards issued by UNRWA.
3. **Non-Refugee:** This applies to any Palestinian not categorized under any of the two aforementioned statuses.

Handicapped and Disabled:

The disabled is defined as the person suffering from a clear and evident weakness in performing certain activities due to continuous difficulties emanating from a physical, mental or health state that lasted for more than six months.

Seeing (Visual) Disability:

This includes blind and one-eyed persons, and any person suffering from vision weakness even after using special devices, provided they do not suffer from any other disability.

Hearing (Auditory) Disability:

This includes deaf persons and any person suffering from clear auditory problems even after using special auditory devices, provided they do not suffer from any other disability.

Movement Disability:

This refers to the person suffering from evident problems in walking, climbing stairs, bending, bowing, kneeling, provided they does not suffer from any other disability.

Cognition Disability:

This refers to the individuals who suffer from difficulties in concentration and memory, decision-making, understanding speech, reading, identifying persons, identifying areas and the use of the map, calculations, reading and thinking.

Communication Disability:

Refers to people who do not have the ability to exchange information and ideas with others and to deal with them through the use of speech, or sign or movement or to write the information they want to share with others, which may be the result of the inability of hearing or speech, or lack of the mental capacity to understand or interpret what others say, whether signals, words or movements.

Educational Attendance:

Attendance means registering the person in any formal education stage irrespective of whether it took the form of continuous attendance or distance learning. Formal education stages include the elementary stage, preparatory stage, (both of which are referred to as the basic stage), secondary stage, and higher education stage (universities, colleges, vocational institutes, etc.).

Enrollment categories are as follows:

1. **Attending:** This applies if the person is currently enrolled in a regular education stage.
2. **Attended and left:** This applies if the person unsuccessfully left a regular education stage, i.e., without obtaining any degree.
3. **Attended and graduated:** This applies if the person successfully graduated from a regular education stage and did not enroll in any stage after that.
4. **Never attended:** This applies if the person is not currently enrolled and was never enrolled in any regular education stage.

Years of Schooling Completed:

For persons currently attending, attended and left, or successfully graduated, reference shall be made to the successfully completed formal educational years (completed years.) It neither includes drop out years, failure years, kindergartens years nor ongoing educational year. Educational training courses are not included among the years of regular study.

Illiterate:

This applies to persons unable to read or write in any language and who were never awarded a certificate from any formal education system.

Can Read and Write:

This applies to persons who are able to read and write without completing any of the educational stages. Such persons are generally able to read and write simple sentences.

Specialization:

This refers to the name of the subject the person successfully completed.

Employed:

Persons who were at work at least one hour during the reference period, whether for their own account or for others paid or unpaid, or in the interest of the household. 5. **Widowed:** The married person aged 12 years and over whose marriage was ended by the death of the spouse and was not married again.
6. **Separated:** The individual 12 years old and over who was married, but his/her marriage was revoked for some reason without any legal or official registration, and he/she did not marry again.

Building:

A building is defined as any fixed construction that is temporarily or permanently erected on the surface of the earth or water. A building is surrounded by four walls or with at least one completed ceiling at the time of the visit, regardless of the construction material and the purpose of construction and utilization at the time of the Census. The building might be utilized for habitation, for work, for both, vacant, closed, deserted, under preparation or under construction at the time of the Census.

Ownership:

It refers to the sector or party to which the building belongs, and not to the party operating the building. Ownership could be one of the following:

1. **Private:** This means that the building is owned by an individual, group of persons, or legal personality such as institutions or a private sector company or establishments regardless of whether this sector is national or international.
2. **Governmental:** This means that the building is owned by the Palestinian National Authority (excluding Waqf properties, e.g., mosques, buildings dedicated to charitable work, etc.), taking into account that the government buildings rented from individuals are considered private. This category does not include buildings belonging to foreign governmental entities.
3. **Local Authority:** It refers to a building owned by the municipality or village council.
4. **Charitable Societies:** (Non-profit organizations) This term refers to the building owned by non-profit organizations (such as sports, clubs, etc.).
5. **Waqf:** It refers to the buildings dedicated to charitable work, e.g., mosques, etc.
6. **United Nations Relief and Works Agency (UNRWA):** This term refers to the building owned by the UNRWA including schools and hospitals belonging to UNRWA not rented from other parties.
7. **Other:** This refers to buildings to which none of the aforementioned definitions apply or to cases in which a building is possessed by more than one of those aforementioned entities, e.g., possessed by a foreign or international entity other than the UNRWA.

House:

A building or part of a building constructed for one household only, with one or more independent entrance leading to the public road without passing through another housing unit.

House type:

Housing unit type may refer to any of the following:

1. **Villa:** A separately established building that is usually constructed from clean stone. It is constructed for the living of one household and consists of a 2-suite, single or double or multiple stories connected through internal stairs. One of the suites is constructed as bedrooms whereas the second suite is constructed for reception and involves the kitchen and other related services. In general, the villa is surrounded by a garden, regardless of the area of this garden, which is surrounded by boarder wall or fence. Villas normally have a roofed parking area (garage). Villas may also include a separate small building or extension as part of them.
2. **House:** A building usually established for the residence of one household or more; it is the typical form of residential buildings prevailing in Palestine. The house may be comprised of a single story or more that is utilized by a single household.

3. **Apartment:** It is a part of a building or a house, consisting of one room or more and annexed with kitchen, bathroom and toilet, which are all closed by an external door leading to the road through a stairway and/or path way. It is prepared usually for one household.
4. **Independent Room:** It is a separate room with no kitchen, bathroom or toilet, but sharing these basic services with other households, and it is prepared for living.
5. **Marginal:** It is a separate unit, usually comprised of one or more rooms. The main construction material of the ceiling and the external walls is zinc, tinplate, etc, but it does not undergo listing unless it is occupied.
6. **Tent:** It is made of textile, wool, or hair. It is typically used in the Bedouin localities.
7. **Other:** It refers to any type of building other than the aforementioned. Examples of this type include cottages, caves, grottos, and booths occupied by a tenant during the Census.

Room:

The housing unit or part of the housing unit surrounded with walls and having a ceiling, provided that its area is not less than 4 square meters.

Tenure of the House:

This section refers to the household tenure of the housing unit that could be one of the following categories:

1. **Owned:** This category applies when the household or one of the household members usually living therein owns the housing unit.
2. **Rented Unfurnished:** If the housing unit is rented without furniture.
3. **Rented Furnished:** If the housing unit is rented with furniture.
4. **Without Payment:** If the housing unit is used without any payments.
5. **For Work:** If the housing unit is offered to the household as a result of a working relation with one member of the household or more.
6. **Other:** If the tenure of the house is not mentioned above.

Connection to Water:

1. **Public Water Network:** A network of pipes for the purpose of providing clean water to households. It normally belongs to a municipality, the council or to a private company.
2. **Mekorot Israeli company:** A network of pipes for the purpose of providing clean water to households. It normally belongs to Mekorot Israeli company.
3. **Collection Water Wells:** Wells that are dug in the ground for the purpose of collecting rain water.
4. **Springs:** Water that is discharged from the ground at an intersection point between the topographic surface and the groundwater table; it could be permanent or seasonal, and it is considered as one of the natural resources for irrigation.
5. **Water Tanks:** Using water from vehicles that distribute and transfer water.
6. **Others:** If the source of water was not mentioned above.

Electricity:

1. **Public Network:** Electrical wiring deployed in residential areas and covering all or most of the households in the locality, particularly through electricity companies or local authorities (municipal or village).

2. **Private Generator:** Device used for electric power generation and supply to housing and owned by the owner of the household or group of individuals.
3. **Not Available:** In the case of lack of means and therefore foregoing electricity.
